

REMARKS

Proposed Drawing Amendments

Formal drawings have been submitted herewith that remove the cutlines of A-A, B-B and C-C that had been of concern. Also, the drawing descriptions for Figures 7, 8 and 9 have been amended to provide proper understanding for the attendant figures. No new matter has been added by either the formal drawing submission or the amendments to the specification, and Applicants believe that the formal drawings are now in proper condition to overcome the Examiner's objection to the drawings. Therefore, Applicants respectfully request consideration of their formal drawings by the Examiner and approval thereof over the Examiner's previous objection.

State of the Claims

Claims 1 and 3-20 are pending. No amendments to the claims have been made in this paper. Applicants believe that the claims are in proper condition for allowance or appeal.

Respectfully submitted,
MARY CARMEN GASCO, ET AL.
